

The Ultimate Team Building Challenge

TEAMPOWER

the **adrenalin rush** of competition, the **euphoria** from winning, the **satisfaction** from achieving

Whether it is in a business environment or a sporting arena, winning teams display key characteristics when under pressure.

In this hands-on, action packed course, Team Power enables your team to develop renewed strength of a winning mentality.

Your team will work together on a unique challenge, learning new skills, developing and agreeing on the right strategy and most importantly working as a highly effective unit to achieve its objective.

This highly effective team building course combines real adventure with a totally new experience. It requires:

- Individual personal drive
- Team capability to plan and deliver
- High levels of contribution from each and every team member
- Advanced Inter team communication
- An Interdependent mindset

From a standing start of zero experience your team will:

- Learn to safety drive high speed Rigid Inflatable Boats (RIBs)
- Develop skills to navigate a complex course

In this hands-on, action packed course, Team Power enables your team to develop a winning mentality by overcoming the odds.

on the River Forth

- Work together to decide on an optimal strategy by taking into account a range of factors ranging from weather conditions, tide, wind and team distribution
- Execute the challenge of maximising the points scored and competing with other companies who have already posted a score

our principles

- Safety first at all times – accompanying your team are some of the most qualified and experienced power boat trainers within Scotland
- Transferable learning – we don't run 'jollies' - we guarantee that what you learn on the course will deliver a business benefit – feel free to ask our clients
- Memorable experiences – we strive to provide something that will stick in all of our participants memories
- Challenging – learning happens when we take ourselves out of the comfort zone. We do this in an ethical, safe and supportive manner

can you beat the best?

A number of our clients have already undertaken the challenge. A 'Top Gear style' leaderboard will be published on our website see www.tblood.com

Where can your team finish ?

In this high octane, action packed course, Team Power enables your team to develop a winning mentality by overcoming the odds.

about **teampower**

Team Power has been developed and is overseen by TBL's Managing Director, Oliver Crane. As well as being one of the UK's leading consultants in Leadership and Organizational Development, Oliver is also qualified a Powerboat Trainer with 25 years of instructional experience, delivering a superb balance of practical powerboat skills and high level strategic business thinking.

During the challenge each boat is supervised by a qualified instructor at all times, allowing quick knowledge transfer, maximum group ownership and full safety cover.

All equipment, waterproof and safety gear is supplied with participants required to bring only a minimum of 'every day' clothing items defined in a pre event fact sheet.

The event is suitable for most people in reasonable physical fitness

the benefits of team power to your organisation

- 1. challenge current beliefs and behaviours within the group - opening up greater opportunities for collaborative working and knowledge sharing
- 2. demonstrate the ability to achieve under pressure and in an unfamiliar environment - providing deeper sense of self confidence and leadership
- 3. develop a strong collaborative and supportive culture - improving a sense of belonging, loyalty and staff retention

- 4. improved business performance - making business easier to do through enhanced team working

the location

The principal location for Team Power is on the River Forth with the unique opportunity to chart a course under the spectacular two bridges based from a number of venues in South Queensferry.

However the course can also be run at a number of suitable locations around the UK. For more information or to discuss your requirements call our sales team on 01738 813644.

experiential learning from TBL

TBL has been delivering experiential leadership related programmes for over 15 years working with multi nationals, owner managed and high growth businesses across the world. We use a combination of challenging exercises, skilled facilitation and established organisational tools to stimulate beneficial learning. We have a proven track record of developing leaders that inspire, deliver and achieve superb levels of performance.

TBL offers a unique blend of expertise, innovative thinking and practical approaches to deliver tangible benefits to both individuals and organisations.

TBL clients include:

- Microsoft**
- Babcock**
- HBoS**
- sanofi-aventis**
- Scottish and Southern Energy**
- UKAEA**

the **benefits** of the course:

- 1.** Increased confidence of the individual to lead rather than manage. This leads to a more credible, influential contributor who is proactive in their approach.
- 2.** Greater ability of individuals to develop others, enabling faster corporate learning and increased organisational capability. This leads to an organisation which can progressively achieve more with the same headcount leading to increased capacity and capability.
- 3.** Higher levels of engagement from participants resulting in a significant positive impact on employee morale.

This leads to greater added value contributions and higher customer satisfaction levels – ultimately resulting in customer retention and higher profitability.
- 4.** Higher levels of profitability from enhanced strategic thinking.

TBL Testimonials

"I have had the pleasure to work with TBL for many years on a number of different briefs and in widely diverse business contexts. They recognise the absolute need to be results focused and have always brought a fresh approach to contribute new ideas and add value to my initial concepts. TBL have become one of my preferred suppliers for their trusted approach, consistent reliability and agility in challenging situations."

Microsoft EMEA

"TBL have a great way of working, mixing sound theory with a strong practical approach. They were able to come in and quickly get our people performing at a higher level. They were able to assess what we needed and provide our teams with the tools to solve their problems making a measurable improvement to the way we operate."

Axis-Shield

'I have been on many training courses over the last 7 years - this one was the best by far'

Whyte and Mackay

'The best programme I have ever been on'
